

Making every day's life extraordinary

New product

This funny single flower vase is the latest design in the range of Pimdesigned©.

The vase is inspired on a chicken bone and made of ceramic.

Lighted 2006

It was intense, special and very successful.

Lichtjesavond in Museum de Prinsenhof drew 2.200 visitors in two hours.

The theme "Het begint Wit" has, despite the rain, surprised and touched many people.

The photos will be on the site by the end of this month.
