Making every day's life extraordinary

Development

The decision is made; I am starting a new book called 'Floral Composition two'. After the success of the first book, I will go further in this book, much further... Via the newsletter, I will keep you updated.

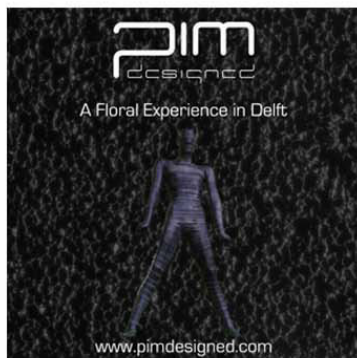

Pims vision

Rhythm, everything has a rhythm, rhythm in sound, rhythm in shape. Every person has his or her rhythm as well. Finding your own rhythm is worth a lot, it allows you to get more out of yourself. It makes it easier to develop to who you can be best, yourself! Live in your rhythm and you will succeed!

Pimdesigned© goody

In September 2007 Pimdesigned© starts with the 'Floral Experience'. A program for florist and designers from all over the world.

You can choose from a three, five or eight day's program in which culture and floral art come together. The program is completely facilitated including hotel arrangements. For the program and more information check www.pimdesigned.com

Possibilities

"See possibilities, open up for inspiration", that is what floral art and design are all about. This is what you will learn at the new training programs from Pimdesigned. For more information check www.pimdesigned.nl.
